INTRODUCTION

The RCS4 Universal Remote Control by CREST Electronics with Dynamic Database Technology™ is the latest generation universal remote designed specifically for the Australian market place.

Consolidating your remote controls has never been easier. With the RCS4's preprogrammed library of codes for TV's, VCR's DVD, and Satellite converters and learning, consolidation is only steps away. Please read the enclosed instructions carefully and retain for future use.

INSTALLING BATTERIES

1. Pull back the remote controls battery cover and remove it
2. Insert two (2) new "AAA" batteries according to the + and - marks in the battery case
3. Push the battery cover back into place
4. Test the unit by pressing the Power key. If the batteries are inserted properly LED will light

NOTE: When the batteries need to be replaced, the remote control will stop working. Replace the old batteries and the unit will be restored to its full functionality.

FEATURES AND FUNCTIONS

Use the POWER key to turn on or off the selected device.

Use the Device Select left and right keys to change the device being controlled.

Press the 16:9 key to change the aspect ratio/picture format on your TV (Not available on all TV's)

Press the SLEEP key to activate the sleep timer of your TV. (Not available on all TV's)

The digit keys are used to program the remote control and operate identically as your remote controls

Use the AV key to change the Video input on your TV

Use the -/-- to switch between one and two digit channel entry

Press the MUTE key to turn on or off the sound of the selected device

Use VOL + (or VOL-) keys to raise or lower the sound of the selected device

Press the Return key to switch between two programs

Use the CH + (or CH-) keys to the select the next higher or lower channel

Use the CURSOR keys to navigate and select items in the on screen menu or guide

FEATURES AND FUNCTIONS

Use the MENU key to access the on screen menu or guide of your TV, VCR, DVD or Satellite

The Red, Green, Blue and Yellow Keys allow you to access the Fast-Text functions of your TV as well as additional functions of your Satellite (Fast-Text is not available on all TV's)

The Teletext keys are used to access the teletext features on your TV (Teletext is not available on all TV's, please consult the owners manual of your TV for complete operation)

The PLAY, STOP, REWIND, FAST FWD, REWIND and RECORD keys operate identically as your original DVD or VCR remote control

DEVICE PROGRAMMING

The Crest RCS4 Universal Remote Control come pre-programmed with the most popular TV, VCR, DVD and Satellite codes used in Australia.

Using pages 9-14, find the brand and device codes to

1. Turn on the Device to be programmed
2. Use the Device Select Left or Device Select Right keys to select the device you want to program.
3. Press and hold SETUP key for 3 sec until LED flashes twice and release SETUP key
4. Enter 4 Digit Number as per the information shown in Brand list
5. If the Setup is OK, the LED will flash 2 times.
6. Aim the remote at the device and press Power, if the device turns off you have found the correct code. If the device does not respond, repeat steps 3 through 5 using the next code listed for your brand.

CODE SEARCH

If the device you are trying to program does not work with the codes listed or if your brand is not listed try code search

1. Turn On the target Device
2. Use the Device Select Left or Device Select RIGHT keys to select the device you want to learn the new function.
3. Press and hold SETUP key for 3 sec until LED flashes twice and release SETUP key
4. Press the MUTE and OK key at the same time, the LED will flash 2 times and remain ON to indicate the SEARCH mode is ready
5. Aim the Remote control at the device and press the Cursor Up key. If the device turns off, immediately stop and move on to step 6.

If the device does not respond, continue pressing and releasing the Cursor Up key until the device turns off

6. Press and release the OK key to save the code

-If you cannot control the device properly, you might have found the incorrect code and will need to continue searching until you find the code that works properly.

PROGRAMMING A SECOND TV

With the new Crest RCS4 universal remote control, you can program any device type under any device position. This remote control utilize a device identifier to determine what type of device you are programming. The device type identifiers are as follows:

- 0= TV
- 1= SATELLITE or TOP-BOX
- 2=DVD
- 3=VCR

For example, to program a second TV under the SAT device position follow these instructions:

1. Turn on the TV to be programmed
2. Use the Device Select Left or Right keys to select SAT
3. Press and hold SETUP key for 3 sec until LED flashes twice and release SETUP key
4. Enter 4 Digit Number as per the information shown in Brand list

5. If the Setup is OK, the LED will flash 2 times.
6. Aim the remote at the device and press Power, if the Device turns off you have found the correct code. If the device does not respond, repeat steps 3 through 6

ACTIVATING VOLUME LOCK

Volume lock will allow you to select the source in which you want to control the volume. For example, if you always use the TV to control the volume, you can configure the RCS4 so that regardless what device mode is selected (e.g. VCR, DVD or SAT), when you press the volume +/- or Mute keys you will always have control of the TV's volume. To activate volume lock, use the following instructions:

1. Press and hold SETUP key for 3 sec until LED flashes twice and release SETUP key
2. Press the desired Device Type number (0: TV, 1: SAT/CAB, 2: DVD or 3-VCR).
3. Press Vol up key, The LED will flash twice

DE-ACTIVATING VOLUME LOCK

1. Press and hold SETUP key for 3 sec until LED flashes twice and release SETUP key
2. Press SETUP and Mute at the same time, the LED will flash twice

LEARNING

The RCS4 includes a powerful learning feature to allow optimal customization of your new universal remote control. This feature will allow you to add unique functions from your original remote control onto the RCS4 for the complete solution in controlling all of your audio video devices.

1. Use the Device Select Left or RIGHT keys to select the device you want to learn the new function
2. Press and Hold in the SETUP and MENU keys together until the LED under the selected device starts flashing.
3. Press the desired key until LED stays lit
4. Point the original remote to the front part of the RCS4, Press the desired key to learn on the original remote control.

LEARNING CONT...

5. When Capture of the code is successful, LED will show a SLOW flashing , after that it will indicate the normal flashing cycle of Learning mode
6. Repeat the above procedure until all the desired code has been learned.
7. To exit the learning mode, press and hold the SETUP and MENU keys and release.
8. To Learn keys into under a different device mode, repeat steps 1 through 7 substituting the new device in step 1.

- The RCS4 can store over 60 learned keys in its memory
- Learned keys can only be transmitted from the mode in which they were learned
- Due to the varying frequencies used to control devices, it is possible that some commands cannot be learned properly.

DELETING A LEARNED KEY

1. Use the Device Select Left or Right keys to select the device you want to delete the learned function.
2. Press and Hold in the SETUP and MENU keys together until the LED under the selected device starts flashing.
3. Press and hold down the device select left key and the key to be deleted until the led flashes twice and release both keys.
4. Repeat step 3 to continue deleting keys.
5. Press and release SETUP + MENU to exit.

DELETING ALL LEARNED KEYS FROM DEVICE

1. Use the Device Select Left or Right keys to select the device you want to delete all learned functions.
2. Press and Hold in the SETUP and MENU keys together until the LED under the selected device starts flashing.
3. Press and hold down the device select left key and the device select right key until the led flashes three times and release both keys

TROUBLE SHOOTING

PROBLEM: The Red LED does not blink when you press a key.

SOLUTION: Replace the batteries with two (2) new AAA batteries.

PROBLEM: During programming, a LED does not flash three times

SOLUTION: An invalid entry has occurred. Check the code to be entered and try programming again.

TROUBLE SHOOTING CONT...

PROBLEM: The LED blinks when you press a key, but the device does not respond.

SOLUTION: Make sure the remote control is aimed at the device you are trying to operate

PROBLEM: The remote control does not control the device selected or the commands are not working properly.

SOLUTION: Try all listed codes for the device being set up. Make sure they can be operated with an infrared remote control

CUSTOMER SERVICE

If you have any questions about the operation of your new RCS4 Universal Remote Control, you may call our Customer Service for assistance. Before calling please read this manual carefully to find an answer to your question. If you cannot find a solution in this manual, please complete the information below on all your equipment before calling:

Date of purchase / /

 Day / Month / Year

A list of your equipment/models: (see example below)

Type	Brand	Model No.	Remote Model No.	RCS4 Code
TV	Saba	TCW 301	MB 100	0648 (ex)

Type/model numbers can often be found in your equipment owner's manual or on the factory plate behind the device.

In Australia: 1 800 812 261
opening hours: 8.00 am- 5.00 pm (Mon-Fri.)

WARRANTY

Crest Electronics warrants to the original purchaser that this product will be free from defects in materials and

workmanship under normal use for a period of three (3) month's from the date of the original purchase. Product will be replaced free of charge if it has been proven to be defective within the three (3) month period when said product is returned at customer expense within the warranty period. THIS WARRANTY DOES NOT COVER ANY EXPENSES INCURRED IN THE REMOVAL AND REINSTALLATION OF THIS PRODUCT.

This warranty does not cover damage or failures caused by products or services not supplied by Crest Electronics, or which result from accident, misuse, abuse, neglect, mishandling, misapplication, faulty installation, set-up adjustment, improper maintenance, alteration, maladjustment of consumer controls, modifications, commercial use, fire, water, lightning or other acts of God.

There are no express warranties except as listed above.

CREST SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT OR ARISING OUT OF ANY BREACH OF WARRANTY. ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE WARRANTY PERIOD SET FORTH ABOVE.

Some countries do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, so the above exclusions or limitations may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from country to country.

To obtain warranty service during the warranty period, please carefully pack the product and send it prepaid and adequately insured to the address below, together with your purchase receipt or other proof of the date of original purchase.

In Australia:

Crest Electronics

Importers & National Distributors

165 South Pine Road

P.O. Box 5658

Brendale - BC4500 Queensland

IMPORTANT:

IF THE UNIT IS RETURNED WITHIN THE WARRANTY PERIOD, YOU MUST INCLUDE YOUR PURCHASE RECEIPT so that we may establish your eligibility for service and can replace your unit without cost. It would be helpful if you included a note detailing the problem.

IF THE UNIT IS RETURNED FOR SERVICE OUTSIDE THE WARRANTY PERIOD, please include a cheque to cover the cost of replacement, handling and return postage. (Prices may differ per .)

NOTHING IN THIS GUARANTEE AFFECTS YOUR STATUTORY RIGHTS.
